NEW AL-KO ENDURO X™ - CARAVAN SUSPENSION REDEFINED. AL-KO is proud to introduce its new suspension system for caravans. ENDURO X™ is designed to ensure next-generation performance and handling in unpredictable, off-road conditions. It's the kind of breakthrough you'd expect from a global market leader - exclusive new technology, lightweight construction for improved handling, premium AL-KO shock absorbers with upgraded metal casing, and a premium Black eCoat to ensure rust and chip ...

**AL-KO Enduro X - AL-KO**  
AL-KO introduced the Enduro trailing arm suspension family back in 2015, specifically designed variants to suit the nature of Australian caravanning. The range includes options for on road touring, semi off-roaders, right up to a long-travel version designed with serious off-road caravans and campers in mind. The Enduro range quickly became one of the best-selling independent suspensions on the market.

AL-KO Enduro Independent Trailing Arm Suspension. Engineered for Adventure: Designed and engineered in Australia by AL-KO, all Enduro suspension systems are tested for Australian conditions and made to the quality standards demanded by the global leader in caravan, motorhome and trailer chassis technology. AL-KO Enduro Outbacks an Independent Trailing Arm Suspension designed for comfort, control and durability across any terrain including extreme off road and outback roads.

**AL-KO ENDURO**  
Hot on the heels of Al-Ko's Enduro Outback independent suspension, which was launched late last year, the technological giant has again sprung into action, bringing a new, and lighter-duty, independent setup to market. The result is the Al-Ko Enduro Cross Country suspension and we tested it recently under a Nova Pride Platinum.

**2016 Review: AL-KO Enduro Cross Country Suspension**  
AL-KO is at the forefront of this significant transition in the caravan industry, with its locally designed, tested and manufactured Enduro independent trailing arm suspension systems.
