Such mud brick or adobe construction is still widely used in the Middle East, Africa, Asia, and Latin America. Later, about 3000 bce in Mesopotamia, the first fired bricks appeared. Ceramic pottery had been developing in these cultures for some time, and the techniques of kiln -firing were applied to bricks, which were made of the same clay.

The Church is like a great tree whose roots must be energetically anchored in the earth while its leaves are serenely exposed to the bright sunlight. In this way, she sums up a whole gamut of beats in a single living and all-embracing act, each one of which corresponds to a particular degree or a possible form of spiritualisation.
