Chemistry / Chapter 1 - Matter and Its Changes

Chemistry is the study of matter—what it consists of, what its properties are, and how it changes. Being

Get Free Chemistry Matter And Its Changes 5th Edition

able to describe the ingredients in a cake and how they change when the cake is baked is called chemistry.

Matter is anything that has mass and takes up space—that is, anything that is physically real.

1.1: What Is Chemistry? - Chemistry LibreTexts

Matter exists in three states : solids, liquid

Get Free Chemistry Matter And Its Changes 5th Edition

and gas. Matter can change from one state to another on changing temperature and pressure. The change of state of a matter from one form into another is called interconversion of states of matter.
