The best part is that FeedBooks is a fast website and easy to navigate.

Daihatsu Rocky Engine

The Rocky 1.6 liter engine ran well but long term did not hold up well for a lot of everyday drivers. The entire Daihatsu car line did not do well and was eventually shut down by the manufacture. Building the 1.6 liter Rocky engine was a new designed engine for a new vehicle. It was an overhead cam engine built on an all aluminum design.
