A homicide detective and a crime scene investigator are often thought of as one profession. The media, TV, and movies often portray a crime scene where a detective takes a pen out of his pocket and starts poking around the body. You'll see them lifting a piece of key evidence while there are some other people with cameras and measuring tools all around.

Difference Between a Detective and a Crime Scene ...

The majority of crime scene photos are usually mild to safe when it comes to how much they're showing. They wouldn't want to expose too much to frighten the readers, plus police and detectives behind the cases don't give out the more graphic photos to journalists. However, from the famous crime scene photos ever, the majority of widely popular ...
