South (book) - Wikipedia

The Imperial Trans-Antarctic expedition of 1914–1917 is considered to be the last major expedition of the Heroic Age of Antarctic Exploration. Conceived by Sir Ernest Shackleton, the expedition was an attempt to make the first land crossing of the Antarctic continent. After Amundsen's South Pole expedition in 1911, this crossing remained, in Shackleton's words, the "one great main object of Antarctic journeyings". The expedition failed to accomplish this objective, but became recognized ...

Summary "Describes the events of the 1914 Shackleton Antarctic expedition when, after being trapped in a frozen sea for nine months, their ship, *Endurance*, was finally crushed, forcing Shackleton and his men to make a very long and perilous journey across ice and stormy seas to reach inhabited land."

Description: Shipwreck at the bottom of the world

Lansing's is still the most comprehensive account of the Imperial Trans-Antarctic Expedition in any medium. The others, even Shackleton's own book *South*, exclude any number of hair-raising disasters in order to keep the narrative in reasonable trim. Reasonable trim looks very different for Twitter tales.
