Physics By Walker 4th Edition

Walker generally presented clear, in-depth explanations for non-physics majors and provided a variety of worked example problems throughout each chapter. Some reviewers complained that he does not provide enough worked-examples, but you can't expect the author to show how to do every single type of physics problem encountered- the book would be ...

I'm a Physics major, and, although this is an algebra-based book, I still learned the most from this. It is the first Physics book I reach for when something needs clarification or I need to look up a formula. Walker's illustrations and explanations are clear and concise (with a few exceptions), and he covers almost every topic in Physics.
