teaching is effective for both trainer and trainee. To do this,it is helpful to consider the varying roles and types of teacher,student and method. The teacher The contemporary teacher must be able to use knowledge and different methods of teaching, assess the needs and level of knowledge of the learners and conduct teaching in accordance

The teacher, the learner and the method
Your choice of teaching method depends on what fits you — your educational philosophy, classroom demographic, subject area(s) and school mission statement. Teaching theories can be organized into four categories based on two major parameters: a teacher-centered approach versus a student-centered approach, and high-tech material use versus low ...
